

# CLIMATE CLASS™

## WIRELESS MANOMETERS

### A NEW LEVEL OF CONVENIENCE.

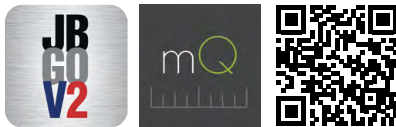

Take control of system performance with the CLIMATE CLASS Wireless Digital Manometers. Engineered for flexibility, they make balancing system pressure effortless. Get real-time readings on the bright OLED screen or monitor remotely using the JB GO V2 or measureQuick apps—the choice is yours.

#### FEATURES

- Measure return, supply, and TESP pressures simultaneously for efficient system analysis
- Flexibility to use in standalone mode, or with either the JB GO V2 app or measureQuick app
- Flexible setup with independent probes and short hoses for hassle-free readings anywhere
- Assess gas pressure at regulator inlets and outlets with 1/8" NPT fitting or slide gas adapter
- Evaluate pressure drops across filters with included static pressure tips
- Bright OLED screen with an intuitive, simple-to-use menu
- Durable over-molded design with interchangeable color bands for easy tool identification

PART NO.	DESCRIPTION
